

Paint the world – Kids&Us

Song: <https://www.youtube.com/watch?v=m6lWlrvMTtg&feature=youtu.be>

From the mist of nothing
Where all is one, white rushing
Comes an emotion, word, feeling
Shiny glimpse of light, revealing
A kingdom of colour
You see white light
Know you can fly to new heights
You tell it right
Speak the truth with new sight

Turquoise: connect, create, talk bright

Green: grow strong towards the light.

Black: be confident to take flight

Drive for life, you feel
Love, head over heels
Passion, rose **red** power
It's your time, your hour

You, you, you, explode in colours
You, you, you burst in colours
You, you, you, speak in colours
You, you, you, so paint the world

Know you can fly
Know the rainbow is there to find
Reach for the sky

See your true colours will shine

Turquoise: connect, create, talk bright

Green: grow strong towards the light.

Black: be confident to take flight

Drive for life, you feel

Love, head over heels

Passion, rose **red** power

It's your time, your hour

You, you, you, explode in colours

You, you, you burst in colours

You, you, you, speak in colours

You, you, you, so paint the world

You, you, you, explode in colours

You, you, you burst in colours

You, you, you, speak in colours

You, you, you, so paint the world
